

## Testimonials

---

"You have changed the way our PTA functions. Amazing. If you ever need input from a teacher/parent, I am available. I am an employee in the school system as well as a parent for the past 10 years. Your company has done wonders for us. Thanks for all you do!"

PTA Board Member, Loudoun County, VA

"With a company that is so responsive to customer needs, how could it be anything but easy? Here at RHAM, the P4SSO system has helped to eliminate about 75% of the old-fashioned, labor intensive check counting/reconciliation process. Because it worked so well, parents are changing their mindset about paying for "school stuff online." If parents are happy, the coaches and Athletic Directors are happy and so is the administration, and the Superintendent – and then I am ecstatic! It is smooth and seamless for parents and that is the prime objective. Thank you for providing such a simple, basic application to reform our school payments and accommodate our needs.

IT Coordinator, RHAM High/Middle School, Hebron, CT

"Thank you so very much for a wonderful experience using your website to register students for our after-school classes at Arcola Elementary School this past fall. 98% of our parents registered their children for classes using your website. It has been such a pleasure working with your company. I had a few special needs and you did such a great job troubleshooting. I am so glad I found you to help with our after-school programming."

RS, After School Programs Coordinator, Arcola ES, Aldie, VA

"Everyone agreed how easy it is to use. By just having everything electronic, it makes the treasurer's job so much easier and efficient. I feel the money would get into the account quicker because of the timing of checks coming in, sitting in a folder, someone picking them up, recording it, then sending them on to me."

MZ, PTA Treasurer, Cooper MS, McLean, VA

"Use of Pay4SchoolStuffOnline was a tremendous time-savings for us and the parents. Processing of the online [mulch] orders took a fraction of the time to handle relative to mail-in orders, eliminated order tracking and accounting errors, and allowed parents to place orders right up to the deadline - adding several days to the period that orders could be received. The up-to-the minute online reporting allowed us to follow-up and directly track the response to email notices, and greatly aided in timing of email solicitations. Direct deposit of the funds eliminated accounting errors, lost checks and lost revenue. It's a no-brainer."

CG, Board Member, All Sports Booster Club, Walt Whitman HS, Bethesda, MD

"It was so easy to pay for our PTSA membership at Pyle online!!!! I am thrilled that this is up and running."

PS, Parent, Thomas W. Pyle MS, Bethesda, MD

"Your system is so easy to use, I knew I could do it so quickly that I waited until after dinner to post the items and set the dates for our classes to go live at midnight tonight. It only takes a few minutes to set everything up. It's a joy."

NH, PTA President, Lorton Station ES, Ashburn, VA

"Over the last 3 years I have relied on the P4SSO system to help run the after school enrichment program each quarter. I count on the reliability and ease of use. I would never have offered to take this program on if we were still sending flyers and forms home."

KC, After School Clubs Coordinator, Pinebrook ES, Arcola, VA
