

Activities heat up in schools and parent organizations as the weather gets warmer.
Manage your affairs "coolly" online with Pay4SchoolStuff.com

No Other Website Helps You Manage All of Your Affairs in One Place.....No One!

Does your school or parent organization.....

- collect fees and payments from the families in your school?
- request information from parents about their children for registrations? Permissions? Waivers?
- raise funds to support activities and personnel in order to enhance the instruction in your school?
- recruit volunteers to serve as committee chairs, assistants, activity/event support people?
- need accurate data and information at your fingertips to ensure accountability?

Well, in case you missed our recent blog series on "New Year's Tips to Help You Manage Your Organization" (<http://pay4schoolstuff.com/blog>), one of the ways that your group can do all of the above tasks and save time, money, and many headaches is to consider a platform that offers you the convenience and security to do all of them. Pay4SchoolStuff.com is a one stop website that lets you collect payments, information and list all of your activities on one menu. And you set the dates, price, fee structure, inventory controls to turn items on and off. *And* have instant access to reports onscreen. Paypal can't do this. Constant Contact can't do this. No other product can. Are we bragging a bit? Maybe we are, but we can make this claim because it's true.

In addition, your organization can have different committee and Board members coordinating different events/initiatives while you have the option of directing the funds to the same bank account or different accounts, depending upon your group's needs. No more handling thousands of checks, running to the bank with deposits, manually entering all data in spreadsheets and ledgers, trying to figure out how much money you've raised or spent for the Family Bingo Night or the Fun Run.....it's all available with several mouse clicks all day, every day.

Some of the unique features of Pay4SchoolStuff.com include:

- *Inventory controls*
- *Contingent form or waiver items*
- *Use of "Zero Cost" items for pre-registration*
- *Create and deploy custom forms - used for waivers and registration information*
- *On and off date/time controls for registration items*
- *E-mail capabilities to any or all registrants, and*
- *Customized descriptions and menus for your after school program*

Contact us at info@pay4schoolstuff.com or 877-397-2937 to find out how we can help you coordinate your organization's business online.

LET ALL YOUR ACTIVITIES AND GROUPS BE ON ONE MENU, BUT DIRECT FUNDS AND INFORMATION TO DIFFERENT ACCOUNTS

Let us help your organization leadership be more efficient and organized. And all groups in a school can be on one seamless menu, or you can have different activities from the same organization be assigned different log-ins so many people in your can have

access to what they're responsible for. Contact us for more details.

DID YOU KNOW.....

One of the many features that makes Pay4SchoolStuff.com such a great tool for parent organizations is the handy INVENTORY CONTROL FEATURE in the item entry template. This feature allows you to set the number of specific openings (or spirit wear pieces, or class seats, or

Visit Pay4SchoolStuff on your favorite Social Media site or check out our Blog at <http://pay4schoolstuff.com/blog> for the latest news and trends about our innovative and popular website. Check out our series on tips and resources to help organizations be more efficient and organized.

tickets, etc) so that a parent can only see those items that are available for payment. When there are 5 left of your item, the system sends you a notification. When that item reaches "0" it is sold out, and the item is turned off for payment (but parents can see that it is sold out). In this way you cannot oversell an item and have angry parents complaining about an item not being available. The

INVENTORY CONTROL FEATURE has been used effectively at all school grade levels for class registrations, ticket sales, class rosters, and any item that has a limited inventory.
