

## Pay4SchoolStuff.com Listens to User Comments.....Now Customize Your Site Even More for 2014-15 with Your School Logo

### What Else Can We Add to Make Your Life Easier and More Efficient?

Is your Organization.....

- Collecting payments this fall?
- Requesting information from parents for membership? Registrations? Classes?
- Looking for different Board or committee members to have access to managing their own activities-with parents seeing only one menu with all activities' items?
- Raising funds for your school or via your PTA for your school?
- Looking to customize your menu and items exactly how you want them?
- Wanting to create a membership directory for free?
- Having menu items turned on and off automatically?
- Wanting to control the final cost that parents pay?

If you've answered "Yes" to any of these questions, then you've come to the right place! Because it's all here, in one spot, at [Pay4SchoolStuff.com](http://Pay4SchoolStuff.com).

We are told constantly what a difference the use of [Pay4SchoolStuff.com](http://Pay4SchoolStuff.com) has made for PTA's/PTO's, schools, and parents. Account Administrators tell us frequently how much the use of the website has made their organizations more efficient, better managed, provided more input into how the group is run--and by whom. And we ask these users why they love the website and how we can constantly improve it. One of the suggestions this past year has been to allow the placement of a school logo on the pages that parents see when they are on the site. And so we've added it for this school year.

So in addition to all of the features already available (see "Feature Corner" below), uploading your school or organization's logo now allows you to customize your pages even more. Add your own personal stamp to the pages parents navigate. And there's no extra fees, hidden charges, additional costs. Call us (877-397-2937), e-mail [info@pay4schoolstuff.com](mailto:info@pay4schoolstuff.com), or visit the website at <https://www.pay4schoolstuff.com>

### Remember: We're Not Paypal, and That's on Purpose

Pay4SchoolStuff staff are constantly asked by prospective clients why they shouldn't just use Paypal to process their organization's payments. Our simple response is that if they are just looking to post one or two items online, then perhaps Paypal should be their choice. But as the chart above indicates, there is much more to managing an organization online. And that is what Pay4SchoolStuff is designed to do. Payments, forms, reports, e-mail, inventory for tickets, spirit wear and classes. It's all there. And so much more. Check out the website or give us a call at 877-397-2937.
